**Description**

Sugar we call him is a nice all around gentle gelding that is very handy to have around. Leave him off for a year and grab him to get a job done he's the same as when you put him away. All business he is great outside pushing cows, branding or doctoring he will work great. Good to load and shoe stands quite to saddle. He's been headed and heeled on won money on the head side with lower number ropers and gives you the same shot every time. He's also been used to rope calves on as a practice horse. I think he would make someone a great breakaway horse. FMI please contact [406-498-0466](tel:406-498-0466)
